To: William M. Abbott, Thomas C. Evanson, and William B. Nichols, Jr.
Personal Trustees of the John George, Jr. Student Loan Fund
145 S. Jackson Street, P.O. Box 986, Jackson, MI 49204-0986

LOAN REQUEST FOR THIS YEAR ONLY: \$ _____ **\$500.00 Minimum;
\$5,000.00 Maximum**

When will you require the funds? _____

INSTRUCTIONS

This Application must be submitted on or before May 1. Applications received after May 1 will be considered on a funds available basis. This application must be approved by the principal of the high school from which you will graduate, or have graduated. In addition, the personal reference names and addresses you provide will be contacted by the John George, Jr. Student Loan Office and we must receive a response from each of them. **Your loan WILL NOT be deemed complete until your principal's approval and the personal reference letters have been received.** Please follow up with these individuals to make sure they have provided the necessary information to the John George, Jr. Student Loan office. After all paperwork is complete, an interview will be scheduled with one of the Personal Trustees. Because the application process involves several steps, we encourage you to begin as soon as possible to ensure that you will receive your first loan disbursement before school begins in the fall.

From a practical viewpoint, and taking into consideration present day conditions, what is the basis of your expectation that you will or can succeed in your chosen field? You may attach a separate sheet if needed.

It was not the intent of John George, Jr. that the student loan program was to be an enterprise in which profit was the motivating factor. On the other hand, it was visualized that financial responsibility was one of the rudiments of an educated person, so rather than outright grants to prospective college students, there is a required repayment of the principal amount loaned, as well as a nominal interest charge. The interest must be paid each year. If there is a default, interest will be paid at the default rate specified in the Promissory Note (not to exceed an amount permitted by law) and all available legal remedies will be pursued.

Principal and interest payments will begin the January after your eligibility termination date which is the date you are no longer a full time student. If you are not enrolled as a full time student, you must also begin repayment of your loan. All amounts are payable in five (5) years. No repayment program of less than \$50.00 per month will be approved by the Trustees.

HOW TO ESTIMATE THE AMOUNT OF YOUR MINIMUM MONTHLY PAYMENT*

When the time comes for you to repay the principal balance of your loan, the amount of your minimum monthly payment will depend on the amount you have borrowed. Because you will be required to make payments of accrued interest only while you are in school (and possibly during any grace period that follows), your minimum monthly payment is calculated based only on the unpaid principal balance of your loan.** To estimate the amount of your required minimum monthly payment, divide the amount you have borrowed by \$1,000 and then multiply the result by \$17.53. For example, if you have borrowed a total of \$5,000.00:

$$\begin{aligned} \$5,000.00 \div \$1,000.00 &= 5 \\ 5 \times \$17.53 &= \$87.65 \end{aligned}$$

Your minimum payment would be approximately \$87.65 per month.

* Payment calculation based on a five year (60 month) amortization at 2.00% per annum.

** If any accrued but unpaid interest remains at the time you start making principal & interest payments, it will be paid by your first minimum monthly payment(s), and will not be added to the principal balance of your loan.

SIGNATURES:

By signing below, you understand and agree that any loan made under this application will be used only for educational expenses, including, but not limited to: tuition, books, room, board, and travel expenses related to attending college, subject to such reasonable variations that may be necessary (the purchase of non-educational items are not deemed reasonable variations).

By signing below, the student and co-signer (if any) authorize the John George, Jr. Student Loan Fund to verify information contained in this application and in other documents required in connection with the loan, either before the loan is approved and closed or as part of a review process, and to share such information with any affiliate of any trustee.

By signing below, the student and co-signer (if any) certify the applicant has given careful consideration to all questions contained in this application and that the answers thereto made by applicant are true to the best of his or her knowledge and belief.

Loan Interest Rate & Fees

Your Interest Rate during the life of the loan

Your interest rate is fixed. This means that the rate that you pay upon approval will be the rate that you pay during the life of the loan.

Default or Late Payment Costs

Default Rate: If you are late making a payment or are otherwise in default, your interest rate may increase to 7.0%.

Loan Cost Examples

The total amount you will pay for this loan will vary depending upon when you start to repay it. This example provides estimates based upon the one (1) repayment option available to you while enrolled in school.

Repayment Option (while enrolled in school)	Amount Provided (amount provided directly to you or your school)	Interest Rate (highest possible starting rate)	Loan Term (how long you have to pay off the loan)	Total Paid over life of loan (Deferment/Grace Period plus 5 Year Loan Term)
PAY ONLY THE INTEREST Make interest payments but defer payment of the principal amount while enrolled in school.	\$5,000.00	2.0%	5 Years starting after the deferment period	\$5,683.25

About this example:

The repayment example assumes that one-half of your loan is disbursed to you when you enroll in school on July 15th and the remaining one-half on November 15th of the same year, that you remain in school for four (4) years, and that the grace period ends on the first January 15th after you are no longer enrolled in school (total principal deferment period in this example is 54 months). While you are enrolled in school interest will accrue and must be paid annually each July 15th and also on the December 15th that immediately precedes the end of the grace period. Interest cannot be deferred or added to the principal balance.
